Amongst the facts to be considered are background, sightscreens and the type of bowling. If during play, the umpires decide that the light is unfit their decision to suspend play is final.

This alteration to the playing conditions can only be made in circumstances where the alteration is in place for the entirety of a match.
- (E) Refer the respective Competition Rules for actions to be taken when play is interrupted.

Note 1: In the event of no officially appointed umpires being appointed to a match, the team captains shall assume this responsibility. In the event of their disagreement on the fitness of ground due to wet weather, the match is not to proceed until there is mutual agreement.  - i. The innings will continue until completed and,
 - ii. The team batting 2nd shall be penalised by reducing their batting innings by one over every 3.7 minutes. (In One Day/T20 games, No bowling restriction changes for the team bowling second even with less overs to be bowled).
- (B) Where the team bowling second exceed the allocated time allowed, the following shall apply:
 - i. The innings will continue until the innings is completed and,
 - ii. The team that batted 2nd shall receive five (5) penalty runs per over [every 3.7 minutes] past the finish time. Example if Team B is 2 overs behind, those overs are to be completed with any runs scored + 10 penalty runs added. [5 runs per over].

7. Drinks & Tea Intervals

- (A) Drinks shall be taken at the conclusion of the 17th & 34th overs.
 - (a). Drinks are not to exceed five (5) minutes in duration
 - (c) Under conditions of extreme heat the Umpires may permit extra intervals for drinks
- (B) Afternoon Tea shall be taken at the conclusion of the innings of the team batting first.
 - (a) Afternoon Tea interval is to consist of fifteen (15) minutes duration

8. Type and Use of Cricket Balls

- (A) A four (4) piece 156gm Kookaburra White Turf, Regulation, Club Match, Regulation Reject or Senator Ball is to be used. Each innings is to be played with a new ball.

9. Bowling Restrictions

- (A) Maximum of ten (10) overs per bowler.
 - (a). In the event of overs being reduced for both teams (overs lost before match commences or during the first innings of the match) no bowler may bowl more than 1/5 of the available overs. If the total overs allowed is not divisible by five, one additional over is allowed to the maximum number per bowler necessary to make up the balance

- (b) If overs are lost during the innings of the team batting second, bowlers shall be permitted to bowl up to the maximum number of overs allowed for the team batting first.
 - (c) In the event of a bowler being unable to complete an over, another bowler shall bowl the remaining balls. Such part of an over will count as a full over insofar as each bowler's limit is concerned.
- (B) A limit of 1 bouncer over the shoulder but under the head is permitted per over at the discretion of the umpire.

10. Free Hit after Any No Ball

- (A) The delivery following any No Ball signal (By-Law 24) shall be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a free hit for whichever batsman is facing it
- (B) For any free hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the free hit is called a Wide. Changes to fielding positions are only permitted if a different batsman is on strike for the free hit delivery. The bowler's end umpire shall signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion

11. Wide Ball

- (A) Any off-side or leg-side delivery that, in the opinion of the umpire, does not give the batter a reasonable opportunity to score shall be called a Wide Ball
- (B) As a guide, a delivery that passes outside the leg stump without making any contact with the striker's bat or person shall be called and signalled Wide Ball, unless the ball passes between the striker and the stumps
- (C) Strictly as a guide only, on the offside a ball passing the batter more than 750mm wide of the off stump shall be called a Wide Ball. That distance shall be marked by a line drawn from popping crease to bowling crease on each side of the wicket
- (D) Umpires should apply a very strict and consistent interpretation in regard to this Playing Condition in order to prevent negative bowling wide of the wicket
- (E) The above provisions do not apply if the striker causes the ball to pass wide of them, or brings the ball sufficiently within his reach by moving to be able to hit it by means of a normal cricket stroke, or the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide

12. Field Markings and Restrictions

The following field markings are to apply to all 1st & 2nd Grade one-day matches:

- (A) Two semi circles shall be drawn on the field of play. The semi circles have as their centre the middle stump at either end of the pitch. The radius of each of the semi circles is 27.5m. The ends of each semi-circle are joined to the other by a straight line drawn on the field on the same side of the pitch
- (B) Continuous painted white lines or 'dots' at 4.5m intervals shall mark this fielding restriction area. Each 'dot' may be covered by a white plastic or rubber (but not metal) disc measuring 18cm in diameter.
- (C) At the instant of delivery, there may not be more than five fielders on the leg side
- (D) For the first 10 overs only two fielders shall be permitted to be outside the field restriction marking at the instant of delivery
- (E) Fielding Restrictions shall apply as follows: First 10 overs, 2 fielders are permitted outside of the fielding restriction area, Overs (eleven) 11 to (forty) 40, 4 fielders are permitted outside of the fielding restriction area and 5 fielders are permitted out during overs (forty one) 41 to (fifty) 50.

- (F) In the event of an infringement of (C), (D) or (E) above, either umpire shall call and signal No Ball

13. The Result – Uninterrupted, Restricted or Unfinished Matches

- (A) In matches in which both teams have the opportunity of batting for the agreed minimum number of overs. The team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a tie
- (B) If the team batting second has not had the opportunity to complete the agreed number of overs, and has neither been all out, nor has passed its opponent's score, the following shall apply:
- the Duckworth-Lewis-Stern system shall be used for matches that are interrupted to establish the target score subject to Note 1 below. The Duckworth-Lewis-Stern calculation shall be completed by the PlayHQ Live Scoring platform.
 - In a rain interrupted match or a match interrupted through any other cause, it shall be noted that the important figure is the target score which, in effect, is set by the Umpires when they decide on the number of overs able to be bowled at the team batting second. The team batting second then has available to it the number of overs nominated by the umpires, in which to achieve the target (Refer Note 1 below)
 - The target score shall be adjusted every time there is an interruption to play down to and including the minimum number of overs required to constitute a match.
 - The match concludes when the target is reached, or when the nominated number of overs is completed or when the team batting second is bowled out within the nominated number of overs (Refer Note 1)

Note 1: A reduced target score is not applicable until both teams have had the opportunity to receive the minimum number of overs to constitute a match (Refer 2 (C)). Until that has been achieved the score required to win the match will be the oppositions total score plus 1.

Example Calculation

- Team A scores 160 runs off 40 over.
- Play is interrupted with Team B to receive a maximum of 30 overs.
- Score required for Team B to win game for Overs 1 – 24 = 161 (Team A plus 1)
- Score required for Team B to win game from Over 26 = Duckworth Lewis target score

14. Point Score

- (A) Points shall be allocated for each match as follows:

Result	Points
Win with Bonus Point	5
Win	4
Tie	2.5
Draw	2.5
Loss	1
Loss Conceding Bonus Point	0

- In order for the team batting first to gain one bonus point, it shall achieve victory with a score greater than 160% that of the opposition.
- In order for the team batting second to gain one bonus point, the victory shall be achieved by the end of the 30th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).

- (B) If the team batting second has not had the opportunity to complete the agreed number of overs, and has neither been all out, nor has passed its opponent's score, the following shall apply:
- The Duckworth-Lewis-Stern system shall be used for matches that are interrupted to establish the target score subject to Note 1 below. The Duckworth-Lewis-Stern calculation shall be completed by the PlayHQ Live Scoring platform.
 - In a rain interrupted match or a match interrupted through any other cause, it shall be noted that the important figure is the target score which, in effect, is set by the Umpires when they decide on the number of overs able to be bowled at the team batting second. The team batting second then has available to it the number of overs nominated by the umpires, in which to achieve the target (Refer Note 1 below)
 - The target score shall be adjusted every time there is an interruption to play down to and including the minimum number of overs required to constitute a match.

Note 1: A reduced target score is not applicable until both teams have had the opportunity to receive the minimum number of overs to constitute a match (Refer 2 (C)). Until that has been achieved the score required to win the match will be the oppositions total score plus 1.

Example Calculation

- Team A scores 160 runs off 20 over.
- Play is interrupted with Team B to receive a maximum of 10 overs.
- Score required for Team B to win game for Overs 1 – 4 = 161 (Team A plus 1)

Similarly, once a determination is made by the bowling team as to which end they will bowl from and the opening batsmen take their respective positions at each end of the pitch, they are not permitted to change ends. For clarity, this playing condition is designed to ensure that the fielding side may determine its bowling strategies based on which batsmen are opening, and then the batsmen can choose ends based on the bowling strategies

- (E) Only nominated players in the main match shall participate in the Super Over
- (F) Each team's over shall be played with the same fielding restrictions as apply for the last over in the match
- (G) The team batting second in the match shall bat first in the Super Over

- (I) Each team shall bat for one over unless all out earlier. The number of batsmen is not restricted
- (J) In the event of both teams having the same score in the Super Over, the result shall be a tie, regardless of the number of wickets lost.

14. Point Score

- (A) Points shall be allocated for each match as follows:

Result	Points
Win	3
Tie	2
Draw	1
Loss	0

If the total overs allowed is not divisible by five, one additional over is allowed to the maximum number per bowler necessary to make up the balance

- b. If overs are lost during the teams batting second's innings, bowlers shall be permitted to bowl up to the maximum allowed for the team batting first
- c. In the event of a bowler being unable to complete an over, another bowler shall bowl the remaining balls. Such part of an over shall count as a full over insofar as each bowler's limit is concerned.
- d. A limit of 1 bouncer over the shoulder but under the head is permitted over at the discretion of the umpire.

9. Free Hit after Any No Ball

- (A) The delivery following any No Ball signal (Law 24) shall be a free hit for whichever batsman is facing it.
 - a. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a free hit for whichever batsman is facing it
 - b. For any free hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the free hit is called a Wide. Changes to fielding positions are only permitted if a different batsman is on strike for the free hit delivery. The bowler's end umpire shall signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion
 - c. A limit of 1 bouncer over the shoulder but under the head is permitted per over at the discretion of the umpire.

10. Wide Ball

- (A) Any off-side or leg-side delivery that, in the opinion of the umpire, does not give the batsman a reasonable opportunity to score shall be called a Wide Ball
- (B) **3rd Grade Division 1 Only** - As a guide, a delivery that passes outside the leg stump without making any contact with the striker's bat or person shall be called and signalled Wide Ball, unless the ball passes between the striker and the stumps
- (C) **3rd Grade Div 2 & 4th Grade** - As a guide, a delivery that passes outside of the 500mm line on LEG SIDE of the batter shall be called signalled Wide Ball.
- (D) Umpires shall apply a very strict and consistent interpretation in regard to this Playing Condition in order to prevent negative bowling wide of the wicket
- (E) The above provisions do not apply if the striker causes the ball to pass wide of them, or brings the ball sufficiently within his reach by moving to be able to hit it by means of a normal cricket stroke, or the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide

11. The Result – Uninterrupted, Restricted or Unfinished Matches

- (A) In matches in which both teams have the opportunity of batting for the agreed minimum number of overs. The team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a tie
- (B) If the team batting second has not had the opportunity to complete the agreed number of overs, and has neither been all out, nor has passed its opponent's score, the following shall apply:
 - (a) The Duckworth-Lewis-Stern system shall be used for matches that are interrupted to establish the target score subject to Note 1 below. The Duckworth-Lewis-Stern calculation shall be completed by the PlayHQ Live Scoring platform.
If the game is not Live Scored, shall be completed by the Duckworth-Lewis-Stern "Phone App" as per Clause 12 (use G50 Value in "about" of 200)

- (b) In a rain interrupted match or a match interrupted through any other cause, it shall be noted that the important figure is the target score which, in effect, is set by the Umpires when they decide on the number of overs able to be bowled at the team batting second. The team batting second then has available to it the number of overs nominated by the umpires, in which to achieve the target. (Refer Note 1 below)
- (c) The target score shall be adjusted every time there is an interruption to play down to and including the minimum number of overs required to constitute a match. The final target score shall be determined by multiplying the final number of overs by the run rate of the team batting first (Refer Note 1 below).
- (d) The match concludes when the target is reached, or when the nominated number of overs is completed or when the team batting second is bowled out within the nominated number of overs (Refer Note 1)

Note 1: A reduced target score is not applicable until both teams have had the opportunity to receive the minimum number of overs to constitute a match (Refer 2 (C)). Until that has been achieved the score required to win the match will be the oppositions total score plus 1.

Example Calculation

- Team A scores 160 runs off 40 over.
- Play is interrupted with Team B to receive a maximum of 30 overs.
- Score required for Team B to win game for Overs 1 – 24 = 161 (Team A plus 1)

- b. In order for the team batting second to gain one bonus point, the victory shall be achieved by the end of the 24th over (or in a reduced overs match, it must bat for no more than 60% of its maximum number of overs).

13. Finals

13.1 Finals Qualification

- (A) Player shall have played in a minimum of 5 games.

PlayHQ Live Scoring Platform Process:

- Enabling DLS for games that have a reduced amount of overs is done within the Parameters area. This is available in the 2nd innings set up form. (ACTIONS button > Parameters)
- It is also always available during the 2nd innings by selecting Actions and then Parameters. The system also allows multiple updates to the over limit and target to cater for any subsequent delays.
- To enable DLS, update the Over Limit, and select the DLS toggle which will automatically update the target score to a score calculated by Duckworth-Lewis-Stern V4.0.

If PlayHQ Live scoring is not available, use the Duckworth Lewis Phone App.

For the manual process via the app, review the required steps located in Annexure “I”

Annexure “G”

Playing Conditions – 5th Grade – T20 Matches

1. Number of Players

- (A) Each side will be permitted to play twelve (12) players with eleven (11) players on the field at any time.
- (B) Only eleven (11) players can bat and only eleven (11) players can bowl.
- (C) Non-batter and non-bowler do not have to be declared on team list, wicket keeper can be either non-batter or non-bowler.
- (D) Players permitted to leave the field at any time, and bowlers are eligible to bowl immediately upon their return to the field.

2. Number of Overs

- (A) Each match is limited to one (1) innings per team.
- (B) Maximum twenty (20), six (6) ball overs per innings
 - (a) A team that is dismissed shall be deemed to have received its maximum quota of overs. Where the team batting first is dismissed the team batting second shall be entitled to bat for its maximum quota of overs
- (C) Minimum of five (5) overs per innings to constitute a match
 - (a). If less than the minimum number of overs has been completed by each team, or a team has been dismissed, then the match shall be declared a draw, provided a result has not been achieved.
 - (b) Any over which has commenced at the conclusion of an innings shall constitute a completed over for the purpose of these calculations
 - (c) Either team may take advantage of the opportunity to achieve a result even though less than the minimum overs are available in the time remaining
- (D) The umpires shall be responsible for determining minimum overs to be bowled and shall advise both captains and scorers of the number of overs to be bowled.

3. Hours of Play

- (A) Varied start times advised by MDCA & Cricket NSW Comp Administrator.

4. Loss of Playing Time

- (A) The number of overs in the innings of both teams shall be reduced subject to the amount of available time remaining, to ensure the fixture is completed by the scheduled finishing time as per Playing Condition 4 (B).
- (B) The object shall always be to rearrange the number of overs, so that both teams have the opportunity to bat for the same number of overs
- (C) The calculation of the number of overs to be bowled shall be based on an average rate of three point seven (3.7) minutes per over in the remaining time available for play (Minutes are to be rounded down to obtain whole minutes) If a reduction in the number of overs is required, any recalculation shall not cause the match to be rescheduled to finish earlier than the scheduled cessation time
- (D) The team batting second shall not bat for a greater number of overs than the team batting first, unless the team

batting first has been dismissed in fewer than the agreed number of overs

- (E) Should a fixture be impacted by a loss of overs, umpires shall convey to both captains the start and finish times of both innings prior to the commencement or recommencement of the fixture.
- (F) The field restrictions for the innings of the team batting second shall apply in the same proportion as those for the innings of the team batting first
- (G) The umpires may reschedule the commencement time of any match, in order to provide for each team to receive a minimum of 5 overs
- (H) Incomplete or fractions of overs are ignored

5. Innings Length

- (A) The innings of each team is to be no more than 80 minutes
- (B) The interval between innings shall be a maximum of 15 minutes

6. Penalty Runs/Bowling Rates

- (A) Where the team bowling first exceed the allocated time allowed, the following shall apply:
 - i. The innings will continue until completed and,
 - ii. The team batting 2nd shall be penalised by reducing their batting innings by one over every 3.7 minutes. (In One Day/T20 games, No bowling restriction changes for the team bowling second even with less overs to be bowled).
- (B) Where the team bowling second exceed the allocated time allowed, the following shall apply:
 - i. The innings will continue until the innings is completed and,
 - ii. The team that batted 2nd shall receive five (5) penalty runs per over [every 3.7 minutes] past the finish time. Example if Team B is 2 overs behind, those overs are to be completed with any runs scored + 10 penalty runs added. [5 runs per over].

7. Type and Use of Cricket Balls

- (A) A two (2) piece 156gm Kookaburra White Kookaburra Tuf Pitch, Special Test or Red King Ball shall be used. Each innings shall be commenced with a new ball.

8. Bowling Restrictions

- (A) No bowler shall bowl more than four (4) of the total overs allowed in an innings. In a delayed or interrupted match, where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed, unless such a number has been exceeded before the interruption. When an interruption occurs mid-over, and on resumption the bowler has already exceeded the new maximum over allocation, he shall be allowed to complete the over.
 - a. If the total overs allowed is not divisible by five, one additional over is allowed to the maximum number per bowler necessary to make up the balance
 - b. In the event of a bowler being unable to complete an over, another bowler shall bowl the remaining balls. Such part of an over will count as a full over insofar as each bowler's limit is concerned
- (B) A limit of 1 bouncer over the shoulder but under the head is permitted over at the discretion of the umpire.

9. Free Hit after Any No Ball

- (A) The delivery following any No Ball signal (Law 24) shall be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a free hit for whichever batsman is facing it

- (B) For any free hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the free hit is called a Wide. Changes to fielding positions are only permitted if a different batsman is on strike for the free hit delivery. The bowler's end umpire shall signal a free hit by (after the normal No Ball signal) extending one arm straight upwards and moving it in a circular motion

10. Wide Ball

- (A) Any off-side or leg-side delivery that, in the opinion of the umpire, does not give the batsman a reasonable opportunity to score shall be called a Wide Ball
- (B) As a guide, a delivery that passes outside of the 500mm line on LEG SIDE of the batter shall be signalled Wide Ball.
- (C) Umpires shall apply a very strict and consistent interpretation in regard to this Playing Condition in order to prevent negative bowling wide of the wicket
- (D) The above provisions do not apply if the striker causes the ball to pass wide of them, or brings the ball sufficiently within his reach by moving to be able to hit it by means of a normal cricket stroke, or the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide

11. The Result – Uninterrupted, Restricted or Unfinished Matches

- (A) In matches in which both teams have the opportunity of batting for the agreed minimum number of overs. The team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a tie
- (B) If the team batting second has not had the opportunity to complete the agreed number of overs, and has neither been all out, nor has passed its opponent's score, the following shall apply:
- a. The Duckworth-Lewis-Stern system shall be used for matches that are interrupted to establish the target score subject to Note 1 below. The Duckworth-Lewis-Stern calculation shall be completed by the PlayHQ Live Scoring platform.
 - b. In a rain interrupted match or a match interrupted through any other cause, it shall be noted that the important figure is the target score which, in effect, is set by the Umpires when they decide on the number of overs able to be bowled at the team batting second. The team batting second then has available to it the number of overs nominated by the umpires, in which to achieve the target (Refer Note 1 below)
 - c. The target score shall be adjusted every time there is an interruption to play down to and including the minimum number of overs required to constitute a match.
 - d. The match concludes when the target is reached, or when the nominated number of overs is completed or when the team batting second is bowled out within the nominated number of overs (Refer Note 1 below)

Note 1: A reduced target score is not applicable until both teams have had the opportunity to receive the minimum number of overs to constitute a match (Refer 2 (C)). Until that has been achieved the score required to win the match will be the oppositions total score plus 1.

Example Calculation

- Team A scores 160 runs off 20 over.
- Play is interrupted with Team B to receive a maximum of 10 overs.

- Score required for Team B to win game for Overs 1 – 4 = 161 (Team A plus 1)
- Score required for Team B to win game from Over 5 = Duckworth Lewis target score

12. Point Score

(A) Points shall be allocated for each match as follows:

Result	Points
Win	2
Tie	1
Draw	1
Loss	0

MDCA Grading Guidelines

- (A) For a competition match prior to the Semi-Finals, Finals & Grand Finals, a regrade is not required if a player is going back only one grade.
- (B) A player may not go back any further grades without a regrade until that player has played three (3) further games (in Second or Third grade whichever may be the case) or until that player has played four (4) further games (in Fourth or Fifth grade whichever may be the case) in that grade.
- (C) **One Day Cricket** – In the case of a one (1) team Club, where the Grading & Permits Committee is of the opinion a player is, obviously of a higher standard than the grade in which the team is participating in, the Grading & Permits Committee may grade the player accordingly and direct that player to play within the nominated grade within the One-Day Cricket Competition. Failure to comply with this direction may result in suspension.
- (D) Any newly registered player for/in the current cricket season must be nominated in a grade or a division of a grade by the appointed representative of that club as provided on the team nominations and will be classified as a Provisional graded player.
- (E) Any player playing in the One-Day Cricket Competition must play in or above the grade of which that player was qualified in their last cricket season unless a regrade has been granted by the Grading’s and Permits Committee before that player participated in a game.
- (F) In order to obtain a regrade for a player, clubs shall follow the following procedure:
- i. Clubs shall submit a fully completed application using the facility in the online cricket platform or MDCA process that has been communicated to all clubs, prior to 8.00pm on the Thursday prior to the match for which the regrade applies.
 - ii. Any regrade application received after that time shall be considered as a regrade for the following week.
 - iii. Upon processing the application, the applying club will receive a confirming email saying the application has been processed. It is then the applicant’s responsibility to check on the outcome of their application in the online cricket platform. The outcome may be approval (with or without restrictions), or refusal of the application.
 - iv. If the club has not received notification, then it is the club’s responsibility to confirm the application result prior to the player taking the field in the lower grade. Do not assume success or penalties as per By Law 4.2 shall be applied.
 - v. At the discretion of the Grading’s and Permits Committee late applications may be processed prior to the match in question commencing. If this is requested along with the completion of the application on online cricket platform the applicant MUST make verbal contact directly with the Grading’s and Permits Chairman or delegate to explain why a discretionary decision might be appropriate. Failure to make verbal contact will result in the application being rejected and applicable penalties applied as per the Bylaws for players without a regrade.
- (G) Any Regrade received by the Grading’s and Permits Committee for the current cricket season that has incorrect player information provided will be regarded as null and void and the player nominated for the Regrade will only play in the grade that player is officially graded in.
- (H) A Re-grade is not required if either:
- i. A Player is going back only one grade **OR**
 - ii. A player is nominated on the block registration form and/or is approved to play in a lower grade and is called up for one match at a time (i.e. non-consecutive matches) in a higher grade within that player’s club.

iii. A player may not drop back further grades without a regrade unless that player has played at least four (4) matches in that grade. If a player wishes to drop from non-consecutive grades e.g. 1st to 3rd then the player must obtain approval from the Grading's and Permits committee.

(l) The following player restrictions for all players listed in the MDCA Players Restriction register will be enforced:

i. All player restrictions will be automatically applied for 3 years for the grade they are applied in. After 3 years clubs can apply for player restrictions to be re assessed by the MDCA Gradings and Permits committee.
